

Container Disposal/Recycling Programs 2010

From: Carrie Edwards

TRI-Rinse, Inc.
St. Louis, MO

Subject: Agricultural Chemical Container Disposal/Recycling

TRI-Rinse has made arrangements to handle the return of agricultural chemical containers through corporate disposal/recycling programs with all the Basic manufacturers. All containers are triple rinsed and recycled through audited and approved recycling streams.

TRI-Rinse, Inc has a variety of service options to meet your needs, including:

- Arranging milk run pick-ups for companies with multiple locations.
- Receiving mixed loads of multiple manufactured containers.
- Customizing a recycling program to your individual needs whether generic caged totes or a combination of all including mini bulks/totes from Basic manufacturers. Many of our customers are opting for a combination of rinsing and destroying and rinsing and returning to specification.

Questions.....contact Carrie Edwards at TRI-Rinse (314) 558-4345.

With your help we look forward to servicing your location(s) for pesticide container disposal/recycling.
